PROJECTS

- **Photogram**

I created a dynamic platform that redefines social media interaction. Our frontend is developed using HTML, CSS, JS and Jquery with bootstrap, ensuring an engaging and responsive user interface. On the backend, PHP orchestrates server-side operations, and MongoDb serves as the secure repository for our platform's data.

- **Bus Booking System**

Experienced Full Stack Developer proficient in PHP, MySQL, HTML, CSS, and JavaScript. Successfully spearheaded the development of a robust bus booking system from conception to deployment.
